

**Public Works**  
Special Districts

## **PUBLIC NOTICE**

**The Department of Public Works will be performing sewer vacuum construction shut down work on Highway 38 in the Fawnskin area of Big Bear Lake beginning at Pine Kone Lane to approximately 2,500 ft. East.**

**Please do not use or limit Water/Sewer Facility usage**

**Between 7:00 AM & 5:00 PM Thursday, September 8, 2022.**

**This includes; Toilet flushing, Laundry Facilities, or any water discharged through drains.**

**The shut down operation is scheduled to allow the construction contractor to connect the house lines to the newly installed mainline. By reducing the usage of water and sewer facilities we will be able to make these connections efficiently and effectively while the lines are disconnected.**

**If you have any questions or concerns related to construction please call the contacts below:**

**Zachary Hisey**

Contractor Project Manager

(760)240-5236

**Lupe Camacho**

County Project Manager

(909)386-8801 office
