

## HSR RAIL RIDERSHIP & REVENUE FORECAST RESULTS

*Connecting Southern California with Las Vegas, Nevada by High Speed Rail*

### The High Desert Corridor CONNECTION will:

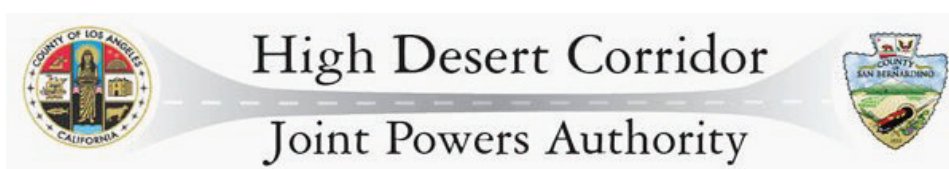

- Provide a High Speed Rail connection between Southern California & Las Vegas, Nevada
- Offer a Public Private Partnership (P3) opportunity for the HDC connection
- Create new local jobs and open access to a broader jobs market place
- Establish the High Desert region as an economic development engine for future growth

The **High Desert Corridor Joint Powers Authority** held a webinar on Thursday, March 2, 2017 for the much anticipated public release of the High Speed Rail Ridership & Revenue Forecast Results for the corridor connecting Southern California with Las Vegas, Nevada by high speed rail (HSR). **The rail ridership and revenue forecast results revealed a significant demand for high speed rail service from Southern California to Las Vegas, Nevada - further reinforcing the project's financial viability and boosting private sector interest.**

If you were not able to participate in the live webinar and would like to find out more about the HSR Ridership and Revenue Forecast Results, please visit <http://tinyurl.com/HDCJPAWebsite>.
